# P4H Orphan Care

## What, Why and How

Projects for Humanity (P4H) provides complete care for orphans including, but not limited to, residential facilities, state of the art educational facility, health care and cultural activities. P4H complete orphan care program is a one stop service for one of the most vulnerable groups of the population who lost one or both parents at a young age.

Inline with P4H's motto of sustainable charity, we strive hard to provide a safe and pleasant experience for the orphan children who would otherwise be facing the reality of a harsh childhood devoid of education and searching for provision. At P4H, we strongly believe that these children will be the future leaders if we are able to take care of them today. This is exactly the reason for why P4H complete orphan care exists.

We achieve this success by means of your support. Your generous donations have enabled us to continuously take care of close to 50 orphans in two different facilities 24 hours a day and 7 days a week. Thank you and we at P4H hope to continue this rewarding journey with you!

- P4H Orphan Care Team
