# Project overview

Ramadan is a sacred month for Muslims around the world. It is a month of fasting, prayer, and reflection. As part of its commitment to humanitarian work, Project for Humanity took several initiatives around Ramadan in 2022 to support needy families in different districts of Bangladesh. The following report highlights these initiatives and their impact.

## Our Approach

Project for Humanity organized several initiatives during Ramadan in 2022 including Ramadan Food Basket Distribution, Eid Gift Distribution, and Eid Gift Distribution.

## Our Vision

We believe that Ramadan is a month of compassion and generosity, and it aims to ensure that needy people can be benefited from the blessings of this month.

## WHAT WE DID

### Ramadan Food Basket 01

Project for Humanity has distributed more than 820 Ramadan food baskets at a cost of about \$3.2 each in various districts of Bangladesh, including Cox's Bazar (Rohingya), Khulna-Tiger Widow, and eight other districts. These food baskets contain essential food items like rice, lentils, oil, onions, gram, and sugar, to help poor families break their fast during Ramadan.

### Fitra Distribution 02

Project for Humanity distributed Fitra to more than 210 families across more than 20 different districts in Bangladesh. Fitra is an obligatory charity given before Eid-ul-Fitr, which is used to provide food and clothing to the needy.

### Eid Gift Distribution 03

We distributed Eid gifts, especially dresses, to underprivileged Muslim children, and orphan students, and created champion students in different districts of Bangladesh. These gifts were distributed to bring smiles to the faces of those who could not afford new clothes during the festive season of Eid-ul-Fitr.

## What we did

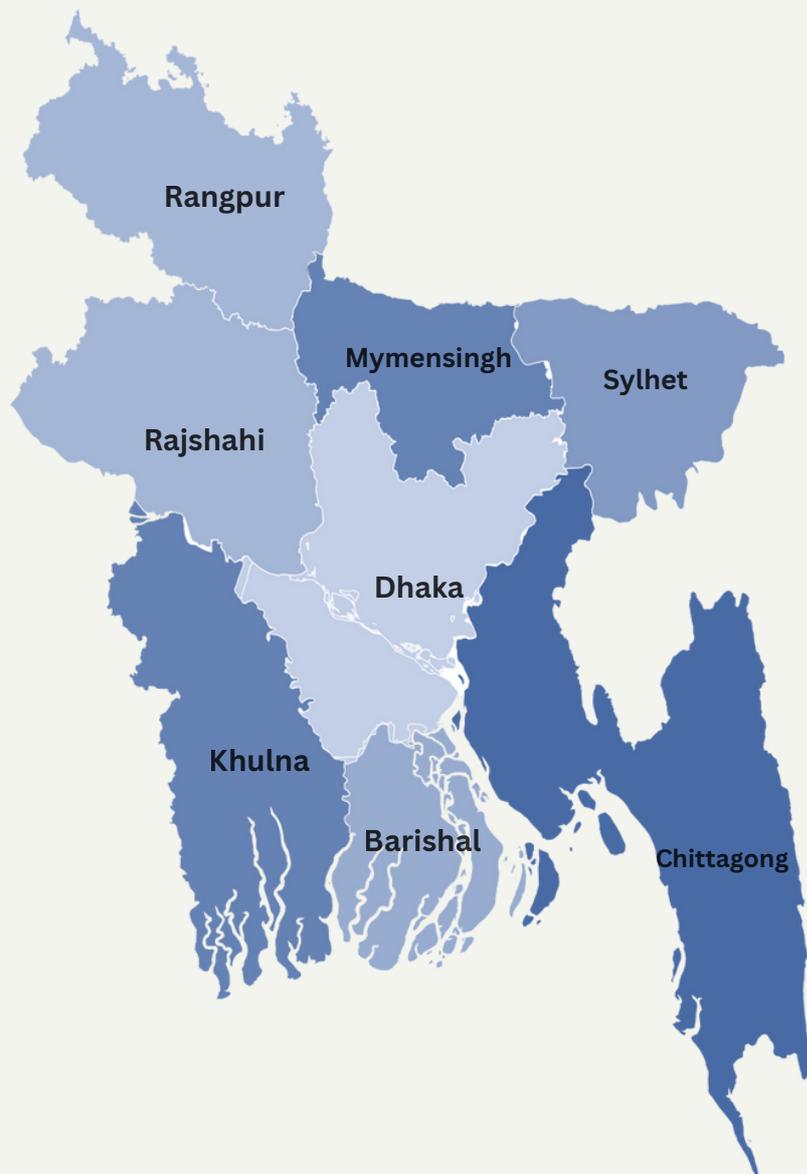

In Ramadan 2022, took several steps to support the underprivileged children, women, widow women and low-income people by providing them with basic necessities like Food, Eid Gift, Cash Money etc.
